COVID-19

Dear Valued Customer:

At Alston Automotive, the safety and well-being of our employees, customers and communities is our top priority. "Safety above all" is something we take incredibly seriously at Alston Automotive.

As you know, the Coronavirus COVID-19 is spreading across the United States and continues to dominate conversations and headlines throughout our country and the rest of the world due to its vast health, market and economic impacts.

Alston Automotive is taking precautions to protect our staff and customers, **while still providing you with uninterrupted service and support.** We are listening to recommendations from the U.S. Centers for Disease Control and Prevention (CDC) and the World Health Organization (WHO) as we strive to help protect our staff and customers. We are giving our team members facts about COVID-19 and reminding them to follow simple but effective steps to keep them safe such as frequent handwashing. We are disinfecting our facilities and equipment as appropriate.

HOWEVER, WE NEED YOUR HELP.

Customers who find it necessary to drop off your vehicle and conduct business, we ask that you help us protect our staff. If you are sick, DO NOT come to the shop, we are encouraging our customers to take any signs of illness seriously and seek medical attention as needed. Your cooperation will help keep our staff safe while we are providing a valuable service to you.

As of today, we remain available to service you and your business.

God bless you!
